

Top Five Reasons Not to Make Your Senior Gift

5. I will give in the future but not now. Waiting for your education to pay off may seem like a practical idea; however, if everyone held off, your experience at K may not have been possible. Tuition pays for 76 percent of your education and donors help support the rest!

4. I already pay tuition and have student loans. Keeping K strong protects the value of your degree—the better the College looks, the better your degree looks to employers.

3. My gift won't make a difference. Your collective Senior Gift will make a difference! If 159 of you give by June 16, an anonymous alum will contribute \$5,000!

2. I don't carry cash. You can make an [online gift](#) with a debit or credit card.

1. I don't have time. Your [online gift](#) can be made in less than one minute.

Your participation in the Senior Gift Challenge is important for the classes of 2019, 2020, 2021 and beyond!
