

Dear Denise,

When you [make a gift to the Kalamazoo College Fund](#), you further K's ability to provide distinctive experiential learning throughout every dimension of the *K-Plan*. Many of the ways students take advantage of these opportunities are by participating in civic engagement and service-learning projects.

Students are encouraged to think critically and develop creative problem-solving skills by committing themselves to causes such as combating school bullying, promoting community health and increasing access to locally sourced food. Students determine their goals in advance, reflect on their observations throughout and analyze the outcomes. These types of immersive experiences are central to the *K-Plan*.

Your support is essential. [Make a gift to the Kalamazoo College Fund](#) by December 31, 2017 to enhance experiential learning opportunities for K students.

Thank you for your generosity,

Laurel
